What You Will Get

Every year, BETGIL intends that the coin token holders will receive a share of BETGIL's net profits.

The BETGIL coin sales during the ICO will serve for:

- Top-notch UI design of RedSoft's websites to make it much more attractive.
- Rapid market expansion, purchasing additional licenses, and greatly expanding the customer base.
- Cold bank reserve – to cover expenses for winning bets. To gain licenses in big Markets, we are required to keep a large cold reserve which we do not have at the moment.
- Aggressive Advertising & Marketing to strengthen the REDGIL brand.
- To Acquire 100% ownership in Gilpay -Gilpay Payment Service Provider Gateway platform build out -Gilpay issuance of Prepaid Credit Cards as well as Debit Cards against their Gilpay accounts.

Future Prospects

- Design
 - Upgrading every aspect of the current state of BETGIL's website.
- Expansion
 - Acquiring regulations and licensing in 15 new markets.
- Blockchain
 - Adding the most popular cryptocurrencies
 - LTC, ETH, XRP, DASH. Implementing our token as a payment method on BETGIL.

Whopping Gambling Industry Stats

-Worldwide, gambling is an enormous market whose revenues in 2018 was over \$500 Billion. By investing in BETGIL, we will gain a much healthier part of these revenues, which means more profits for you, the investor. Let's grow together.

Token Distribution

A total of 800.000.000 BETGIL tokens will be generated, including 220.000.000 to conduct a Private Sale, and 380.000.000 to conduct an ICO. Another 100.000.000 will be shared between the founders of the BETGIL token, while the remaining 100.000.000 will be generated for advisory, bounty, and PR pools. The unsold BETGIL that will be created for sale during the ICO will be destroyed. BETGIL tokens are not mined by users or any other companies.
